## Plan Description:

For the purpose of the Neighborhood Stabilization Program (NSP), the City of Mesa has identified the following census tracts and block groups as defining its area of greatest need. Those include: 422106 422105 420501 421901 421801 421201 422503 422104 422107 422002 422103 422102 422203 420901 420902 421101 421102 420800 422604 421202 421301 421302 422616 422502 421400 421501 421601 421502 422501 422001 421602 421700 422611 422302 422605 421802 421902 422609 422301. Mesa will limit the distribution and use of NSP funds to those census tracts and block groups shown above that have been identified as the areas of greatest need within the City of Mesa. In accordance with Section 2301(c)(2) of HERA, those areas have been targeted because they have the highest percentage of foreclosures, the highest percentage of homes financed by a subprime related loan, and are likely to face a significant rise in the rate of home foreclosures. Mesa will engage in the following activities within the above outlined census tracts, focusing in the 85204 zip code, as part of its NSP activities: Acquire and rehabilitate homes and residential properties that have been abandoned or foreclosed upon in order to sell, rent, or redevelop such homes and properties; Demolition of blighted structures Redevelop demolished or vacant properties Down payment assistance and Housing Counseling At least 25% of funds will be used for housing individuals and families whose incomes do not exceed 50% of area median income. To accomplish the projects as stated above, the City of Mesa will partner with community organizations. Potential community partners will be: Save the Family; Transitional Living Communities (TLC); A & A Cottages; Sustainable Home Ownership (SHO) Coalition; Marc Center; Community Bridges; and PTE Real Estate Group.

## Recovery Needs:

In order to stabilize the neighborhoods and reduce blight, residential properties that have been foreclosed upon will need to be acquired, rehabilitated to a habitable condition and sold to individuals and families with a commitment to the neighborhood in which they live. These individuals and families will need affordable and sustainable homes, HUD certified housing counseling and education, and financial down payment assistance in order to accomplish the goal of homeownership that promotes a sense of neighborhood.

The City of Mesa expects to demolish or convert 62 low and moderate income dwelling units as a result of NSP assisted activities.

The City of Mesa expects to acquisition/rehab approximately 47 housing units for low, moderate and middle income individuals and households, and acquisition/demolition 15 housing structures as a result of NSP assisted activities.

Commencement of the acquisition/rehab activity will commence upon notification from HUD of availability of NSP funds. However, the identification of potential properties has already begun. It is expected that all properties will be acquired and the rehabilitation will be in progress by June 30, 2010.

The City of Mesa expects to make available a minimum of 20 units for households whose income does not exceed 50 percent of area median income.

### Activity Description:

The Acquisition Rehab rental activity will focus strategically on neighborhoods with a high percentage of residential properties of foreclosed or abandoned homes within the targeted census tracks. Properties will be acquired at a minimum of five percent (5%) below appraised value. However, the total portfolio average for purchases will be no less than ten percent (10%) below appraised value. The City of Mesa will acquire, inspect for rehabilitation, and lease the properties in coordination with the City of Mesa Housing Authority. It is anticipated that some of the rental properties will be an opportunity for home ownership for those renting. Because not all families will qualify for homeownership, this activity will be cause for a high rate of neighborhood stabilization for long term tenants. The acquisition/rehabilitation/rental activity will benefit income-qualified persons to meet the low income housing requirement for those below 50% of area median income. The acquisition/rehabilitation/rental activity will serve as workforce housing for individuals and families striving to one day become homeowners. Inspections will be made monthly to identify and repair any items necessary. This activity will adhere to the affordability period as outlined in this Amendment to the Action Plan.

**Activity Description:**

The Acquisition Demolition activity will focus strategically on neighborhoods with a high percentage of residential properties of foreclosed or abandoned homes within the targeted census tracts. Properties will be acquired at a minimum of five percent (5%) below appraised value. However, the total portfolio average for purchases will be no less than ten percent (10%) below appraised value. The City of Mesa will acquire, inspect for rehabilitation, and determine if it is cost effective to rehabilitate the property. If the cost to rehab the property is excessive the decision will be made to demolish the property. At such time the City of Mesa planning department will determine if another home will be constructed or if it is in the best interest of the neighborhood to look for alternative uses for the property.

**Location Description:**

The City of Mesa will focus on the census tracts with the highest need. **Activity Progress Narrative:**

Five (5) single- family homes will be acquired for demolition with the intention of reconstructing a new single-family home on each property. If reconstruction of a single-family home on the property is not feasible, the City of Mesa Planning Division will work with the neighborhood to determine an alternative use for the property. Clearance and demolition work will commence once single- family homes for demolition are acquired. Funds have been expended for staff time only (\$1160.02).

#### Activity Description:

The Acquisition Demolition activity will focus strategically on neighborhoods with a high percentage of residential properties of foreclosed or abandoned homes within the targeted census tracts. Properties will be acquired at a minimum of five percent (5%) below appraised value. However, the total portfolio average for purchases will be no less than ten percent (10%) below appraised value. The City of Mesa will acquire, inspect for rehabilitation, and determine if it is cost effective to rehabilitate the property. If the cost to rehab the property is excessive the decision will be made to demolish the property. At such time the City of Mesa planning department will determine if another home will be constructed or if it is in the best interest of the neighborhood to look for alternative uses for the property.

#### Location Description:

The City of Mesa will focus on the census tracts with the highest need. Those include: 420501 421901 421801 421201 422503 420901 420902 421101 421102 422604 421202 421301 421302 422616 422502 421400 421501 421601 421502 422501 422001 421602 421700 422611 422302 422605 421802 421902 422609 422301 420800 422002 422102 422103 422203 422107 422104 422105 422106

#### Activity Progress Narrative:

Properties are currently being identified for the Acquisition Demolition Reconstruction activity. A total of five (5) single-family homes will be acquired for demolition with the intention of reconstructing a new single-family home on each property. If reconstruction of a single-family home on the property is not feasible, the City of Mesa Planning Division will work with the neighborhood to determine an alternative use for the property.
